Reference: Learner Name, Surname & Grade					

**NB:** **Per annum:** School fee for the year can be paid in full before 28 February. A discount between 5 and 10% is given for this option. Depending on how many learners, a parent enrolls from the same family.  
**Installments:** school fees can be paid per term or in 10 installments from January to October on the third of each month.  
**No learner will be allowed in class without a proof of payment.**  
**Debit order scheme:**  
 Parents are expected to sign a debit order for the payment of fees and extras when their children join the school unless if a payment is fully made per term. A debit order form is only obtained at the school.  
 If a parent does not approach us to discuss the payment option that he/she will like to use in a particular year, we will assume that he/she is using the same option as the previous year.
